

STARBOUND & COMPETITION CLASS TEACHER
2011 EVALUATIONS

Dear Teachers,

Starbound and Competition Class auditions are scheduled for Monday, June 13. Some students will be auditioning for the first time, and some will be re-auditioning. It is important for the judging panel and for me to know how the student has been progressing in the classroom. This evaluation is an important part of the audition process and is 50% of the score.

If you feel that this student is unable to perform up to level, make this commitment or will not score high enough to qualify, please return this to Louise by June 01. A meeting will be scheduled to discuss the evaluation.

We are not only interested in the technical expertise of the dancer, but the attitude and commitment to learn from each teacher that they experience in the classroom.

Please fill these out and turn them back in to the office by June 07. We thank you for your time. If you have any questions, please do not hesitate to call.
